

Colville High School is currently closed until at least April 27 due to concerns in regards to Covid 19. There are many questions we do not have answers to and the answers could change at any time. However, here is the current information. This document will be updated on the CHS website as information changes.

Will there be a curriculum provided by Colville High School during the closure? Yes, all teachers will provide curriculum by either Google Classroom or by providing packets of optional classroom work. These packets will be available starting Monday, March 23, in a file cabinet by the entrance to the high school.

Will the curriculum be required? No. Students cannot be required to do the curriculum while we are not in session. However, they can make-up or re-do work that was assigned prior to the closure, or continue to advance on their curriculum that is being provided.

What if I do not have access to the internet? Colville High School's parking lot is currently a hot spot that will allow you to use the school network, or you may pick up a packet of optional work from the file cabinet by the entrance to the school.

What if I do not have access to a computer device? You may pick up a packet of optional work from the file cabinet by the entrance to the school, or you may check out a ChromeBook at the CHS front door between 8:00 and 2:45 Monday thru Friday, and **use the device in your car in the parking lot – and return the ChromeBook the same day.** There is wi-fi in the parking lot.
